Welcome to Learning Tree and thank you for registering your child with us.

We know how important your child is and aim to deliver the highest quality of care and education to help them to achieve their best.

This prospectus aims to provide you with an introduction to Learning Tree, our routines, our approach to supporting your child's learning and development and how we aim to work together with you to best meet your child's individual needs. This should be read alongside our Childcare Terms and Conditions for a full description of our services.

Our setting aims to:

- provide high quality care and education for children below statutory school age;
- work in partnership with parents to help children to learn and develop;
- add to the life and well-being of the local community; and
- offer children and their parents a service that promotes equality and values diversity.

Parents

You are regarded as members of our setting who have full participatory rights. These include a right to be:

- valued and respected;
- kept informed;
- consulted;
- involved; and
- included at all levels.

Children's development and learning

We aim to ensure that each child:

- is in a safe and stimulating environment;
- is given generous care and attention, because of our ratio of qualified staff to children, as well as volunteer helpers;
- has the chance to join in with other children and adults to live, play, work and learn together;
- is helped to take forward her/his learning and development by being helped to build on what she/he already knows and can do;
- has a personal key person who makes sure each child makes satisfying progress;
- is in a setting that sees parents as partners in helping each child to learn and develop; and
- is in a setting in which parents help to shape the service it offers.

The Early Years Foundation Stage

Provision for the development and learning of children from birth to 5 years is guided by the Early Years Foundation Stage. Our] provision reflects the four overarching principles of the *Statutory Framework for the Early Years Foundation Stage* (DfE 2014):

- *A Unique Child*

Every child is a unique child who is constantly learning and can be resilient, capable, confident and self-assured.

- *Positive Relationships*

Children learn to be strong and independent through positive relationships.

- *Enabling Environments*

Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between practitioners, parents and carers.

- *Learning and Development*

Children develop and learn in different ways and at different rates. The framework covers the education and care of all children in early years provision including children with special educational needs and disabilities.

How we provide for development and learning

Children start to learn about the world around them from the moment they are born. The care and education offered by our setting helps children to continue to do this by providing all of the children with interesting activities that are appropriate for their age and stage of development.

The Areas of Development and Learning comprise:

- *Prime Areas*
 - Personal, social and emotional development.
 - Physical development.
 - Communication and language.

- *Specific Areas*
 - Literacy.
 - Mathematics.
 - Understanding the world.
 - Expressive arts and design.

For each area, the level of progress that children are expected to have attained by the end of the Early Years Foundation Stage is defined by the Early Learning Goals. These goals state what it is expected that children will know, and be able to do, by the end of the reception year of their education.

The *Early Years Outcomes* (DfE 2013) guidance sets out the likely stages of progress a child makes along their progress towards the Early Learning Goals. Our setting has regard to these when we assess children and plan for their learning. Our programme supports children to develop the knowledge, skills and understanding they need for:

Personal, social and emotional development

- making relationships;
- self-confidence and self-awareness; and
- managing feelings and behaviour.

Physical development

- moving and handling; and
- health and self-care.

Communication and language

- listening and attention;
- understanding; and
- speaking.

Literacy

- reading; and

- writing.

Mathematics

- numbers; and
- shape, space and measure.

Understanding the world

- people and communities;
- the world; and
- technology.

Expressive arts and design

- exploring and using media and materials; and
- being imaginative.

Our approach to learning and development and assessment

Learning through play

Being active and playing supports young children's learning and development through doing and talking. This is how children learn to think about and understand the world around them. We use the EYFS statutory guidance on education programmes to plan and provide opportunities which will help children to make progress in all areas of learning. This programme is made up of a mixture of activities that children plan and organise for themselves and activities planned and led by practitioners.

Characteristics of effective learning

We understand that all children engage with other people and their environment through the characteristics of effective learning that are described in the Early Years Foundation Stage as:

- playing and exploring - engagement;
- active learning - motivation; and
- creating and thinking critically - thinking.

We aim to provide for the characteristics of effective learning by observing how a child is learning and being clear about what we can do and provide in order to support each child to remain an effective and motivated learner.

Assessment

We assess how young children are learning and developing by observing them frequently. We use information that we gain from observations, as well as from photographs or videos of the children, to document their progress and where this may be leading them. We believe that parents know their children best and we will ask you to contribute to assessment by sharing information about what your child likes to do at home and how you, as parents, are supporting development.

We make periodic assessment summaries of children's achievement based on our on-going development records. These form part of children's records of achievement. We undertake these assessment summaries at regular intervals, as well as times of transition, such as when a child moves into a different group or when they go on to school.

The progress check at age two

The Early Years Foundation Stage requires that we supply parents and carers with a short written summary of their child's development in the three prime areas of learning and development - personal, social and emotional development; physical development; and communication and language - when a child is aged between 24 - 36 months. Your child's key person is responsible for completing the check using information from on-going observational assessments carried out as part of our everyday practice, taking account of the views and contributions of parents and other professionals.

Records of achievement

We keep a record of achievement for each child. Your child's record of achievement helps us to celebrate together her/his achievements and to work together to provide what your child needs for her/his well-being and to make progress.

Your child's key person will work in partnership with you to keep this record. To do this you and she will collect information about your child's needs, activities, interests and achievements. This information will enable the key person to identify your child's stage of progress. Together, we will then decide on how to help your child to move on to the next stage.

Working together for your children

We maintain the ratio of adults to children in the setting that is set by the Safeguarding and Welfare Requirements. We also have volunteer parent helpers, where possible, to complement these ratios.

This helps us to:

- give time and attention to each child;
- talk with the children about their interests and activities;

- help children to experience and benefit from the activities we provide; and
- allow the children to explore and be adventurous in safety.

How parents take part in the setting

Our setting recognises parents as the first and most important educators of their children. All of my staff see themselves as partners with parents in providing care and education for their children. There are many ways in which parents take part in making our setting a welcoming and stimulating place for children and parents, such as:

- exchanging knowledge about their children's needs, activities, interests and progress with us;
- contributing to the progress check at age two;
- helping at sessions of the setting;
- sharing their own special interests with the children;
- helping to provide and look after the equipment and materials used in the children's play activities;
- being part of the management of the setting where appropriate;
- taking part in events and informal discussions about the activities and curriculum provided by the setting;
- joining in community activities, in which the setting takes part; and
- building friendships with other parents in the setting.

Parents help and joining in

Helping at the session enables parents to see what the day-to-day life of our setting is like and to join in helping the children to get the best out of their activities.

Joining the rota is not the only means of taking part in the life of the setting. Parents can offer to take part in a session by sharing their own interests and skills with the children.

Key person and your child

Our setting uses a key person approach. This means that each member of staff has a group of children for whom she is particularly responsible. Your child's key person will be the person who works with you to make sure that the childcare that we provide is right for your child's particular needs and interests. When your child first starts at the setting, she will help your child to settle and throughout your child's time at the setting, she will help your child to benefit from our activities.

Learning opportunities for adults

As well as gaining childcare qualifications, our staff take part in further training to help to keep up-to-date with thinking about early years care and education. We also keep up-to-date with best practice, as a member of the Pre-school Learning Alliance, through *Under 5* magazine and other publications produced by the Alliance. The current copy of *Under 5* is available for you to read.

The setting's timetable and routines

Our setting believes that care and education are equally important in the experience which we offer children. The routines and activities that make up the day in our setting are provided in ways that:

- help each child to feel that she/he is a valued member of the setting;
- ensure the safety of each child;
- help children to gain from the social experience of being part of a group; and
- provide children with opportunities to learn and help them to value learning.

The session

We organise our sessions so that the children can choose from, and work at, a range of activities and, in doing so, build up their ability to select and work through a task to its completion. The children are also helped and encouraged to take part in adult-led small and large group activities, which introduce them to new experiences and help them to gain new skills, as well as helping them to learn to work with others. Outdoor activities contribute to children's health, their physical development and their knowledge of the world around them. The children have the opportunity, and are encouraged, to take part in outdoor child-chosen and adult-led activities, as well as those provided in the indoor playroom(s).

Snacks

We make snacks and meals a social time at which children can eat together. We plan the menus for snacks so that they provide the children with healthy and nutritious food. Please tell us about your child's dietary needs and we will plan accordingly.

We provide snacks for both the morning and afternoon sessions and a light snack at 16.30 pm for children who attend the after school club.

Children who stay for all day sessions are required to bring a healthy lunch box and drink.

Clothing

We provide protective clothing for the children when they play with messy activities. We encourage children to gain the skills that help them to be independent and look after themselves. These include

taking themselves to the toilet and taking off, and putting on, outdoor clothes. Clothing that is easy for them to manage will help them to do this. Footwear – Slip ons or Velcro fasteners please. Laces are impossible for children to manage. No crocs please.

Policies

Our staff will explain our policies and procedures to you. Copies of which are available in the folder in the foyer or they are all on the Learning Tree website at www.Learningtreepreschool.co.uk

Our policies help us to make sure that the service provided by our setting is a high quality one and that being a member of the setting is an enjoyable and beneficial experience for each child and her/his parents.

Our staff work together with parents to adopt the policies and provide them with the opportunity to take part in the annual review of the policies. This review helps us] to make sure that the policies are enabling our setting to provide a quality service for its members and the local community.

Information we hold about you and your child

We have procedures in place for the recording and sharing of information [data] about you and your child that is compliant with the principles of the General Data Protection Regulations (2018) as follows:

The data is we collect is

1. Processed fairly, lawfully and in a transparent manner in relation to the data subject [you and your family]
